<b>Bag Volume (Ltr)</b>	136
<b>Bag</b>	Mesh Turf
<b>CFM</b>	1665
<b>Self Propelled</b>	Hydro Drive
<b>Weight (kg)</b>	102.5
<b>Length (cm)</b>	160
<b>Width (cm)</b>	83.8
<b>Height (cm)</b>	130
<b>Warranty</b>	3 Year Limited Commercial for Engine

## QUIETVAC™

Billy Goat's 33" QUIET VAC™ touts the lowest noise level in its class and features unique cyclonic filtration, along with exclusive dust sock technology that dramatically reduces dust in dry conditions, and takes our industrial class hard surface unit to the next level. Ideal for wide area commercial, industrial and municipal cleanup applications such as tarmac, school campuses, hospitals, hotels, parks, churches, airport pedestrian areas, resorts, city streets and sidewalks!

QUIET VAC™ is the first pedestrian vacuum that has a shift-on-the-fly, hydrostatic transmission with infinite forward & reverse speeds making the unit nimble and easy to maneuver in tight areas, wide open areas or while driving or pushing manually.

The unit is loaded with other features and provides the ultimate in quiet, low dust cleanup!
