VACUUM GUTTERS FROM THE GROUND

THE ALL ROUND TRADESMAN INDUSTRIAL VACUUM SYSTEM

The Gutter Master™ 1030 is a compact, modular industrial vacuum system that can be easily wheeled off and on a trailer, at 620mm wide it will fit through any standard door way. Designed specifically for the mobile tradesman and cleaning contractors, the 1030 delivers the performance required from the safety of the ground.

Wheel the system through garages, doorways and around retirement villages to enable close up access. The system is easily removed from vehicles & trailers.

World's first engine powered compact mobile industrial vacuum cleaning system.
