

Debris Loaders With Dual Shredding System

DL1301

Our 13 HP features include a powerful 14.25" armor plate steel impeller and a 12-gauge steel housing with a replaceable 10-gauge poly liner. The 8" intake hose is a 10' long, clear poly helical coil. This unit is mountable in four ways. Tailgate mountable with optional hanger kit; optional swing away hitch; optional receiver hitch; or skid mounted to a trailer or truck

DL1801V & DL1801VE

Our heavy-duty 18 HP unit features a 16" diameter armor plate steel impeller, replaceable poly liner and a 12-gauge steel housing for maximum suction power. This unit can be mounted with the optional hanger kit, skid mounted with the optional hanger kit, skid mounted to a truck or trailer bed, or mounted to a class III truck hitch. The 10" intake hose is a 10' long, clear poly helical coil.

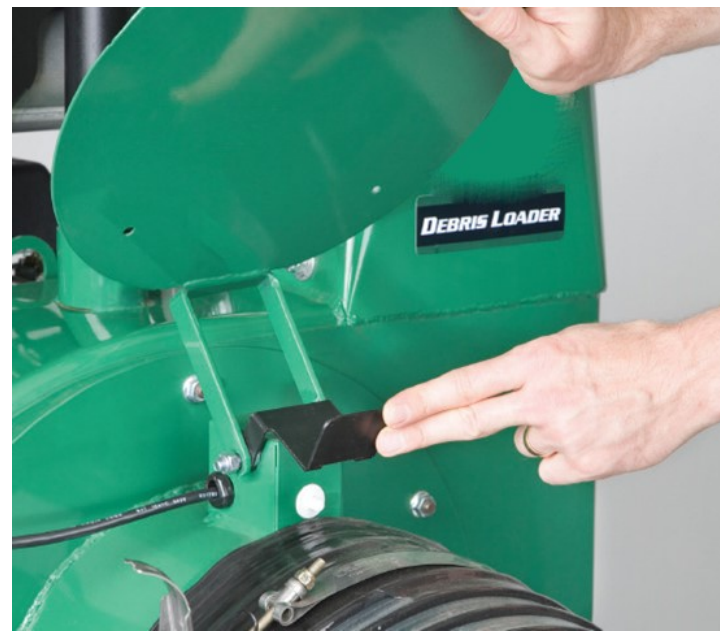

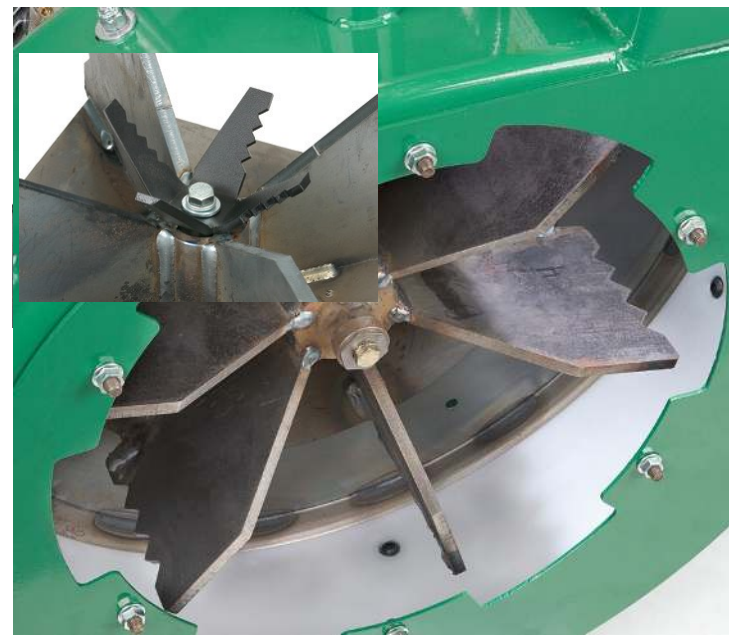

DL3500V Electric start. Shown with optional trailer

DL3500V

Our top of the line loaders feature a 35 HP engine coupled to our largest 20", 6-blade, armor plate steel impeller with 18 cutting points for up to a 12:1 reduction ration and includes a replaceable poly liner for the housing.

MODEL	ENGINE	HOSE DIMENSIONS	IMPELLER	CFM	DISCHARGE	WEIGHT	L x W x H cm
DL1301H	388 cc Honda	20cm x 3 m	4 blades, 8 cutting points	2100	18 cm	108 kg	79 x 69 x 122
DL1801V	570 cc Vanguard	25cm x 3 m	4 blades, 8 cutting points	3700	18 cm	132 kg	76 x 69 x 123
DL3500V	993 cc Vanguard	36cm x 3 m	6 blades, 18 cutting points	5050	20.3 cm	168 kg	147 x 81 x 188

Debris Loaders Features

Dual shredding system with Pranha blade for extra shredding (smaller photo). Replaceable steel liner* & serrated blades with cutting points (larger photo) for the best reduction of ANY debris loader on the market.

Safety kill switch Quick connect/release hose clamp with safety interlock.

Intake hose storage Simple secure nozzle hook for convenient & efficient storage.
