✓ 3 MOTOR CONFIGURATION

✓ RELIABLE SYSTEM

✓ WET & DRY CAPABILITIES

✓ HOME OWNER USE

A GUTTER VACUUM SYSTEM FOR HOME USE

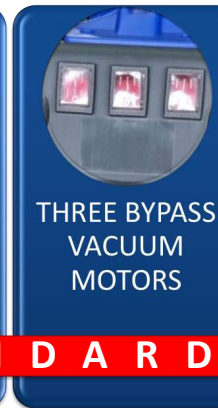

The Gutter Master™ 1020 model is a vacuum system for the person who is looking to clean roof gutters at their own property. It is equipped with 3 bypass vacuum motors producing 300 cfm of airflow and a 2.5 inch side entry inlet. Each motor has an individual off/on switch & the unit can operate from a 240 volt power outlet

A stainless steel 100 Litre waste collection container is fitted onto a trolley with wheels and enables you to empty the waste container by simply tipping it over.

The washable cloth filter can easily be removed for cleaning. An internal float is also fitted to stop vacuum flow when water level reaches the set limit.

Add the optional carbon fiber pole kit and wireless real time camera system to reach up to 12 metre high.

12 MONTH WARRANTY
