

# MILLENNIUM SERIES EXTREME DUTY INDUSTRIAL VACUUM

The new generation of vacuum loaders engineered to provide long service life with minimal maintenance attention! With a wide range of capacities available, there is a Multi-Vac Millennium to suit your application.

## Dimensions

Length	Width	Height
2153.7mm	1981.2	2978mm

## Standard Features

- 1500 Litre hopper
- “No Tools Required” Access
- Positive displacement vacuum pumps are V-belt driven for optimum performance
- Hopper full shut down probe
- Flip top filtration access cover
- Dual Inlets, dual inlet deflectors
- No internal baffles or ledges to create bridging and retard the flow of collected material
- Movable (completely assembled) by a 4000 Kg fork-lift truck
- Filter bags are reverse pulse jet cleaned on a “on demand” (programmable) basis

## Optional Features

- Cartridge filters
- Explosion proof electrics
- LP Gas or Diesel driven vacuum pumps
- Liquids handling probe
- Trailer mounted units
- Interceptor hoppers
- HEPA filters

## Standard Portable Systems

Vacuum units are supplied with a 1500 Litre fork lift truck type self dumping hopper and a heavy duty air lift stand. A complete range of nozzles, hoses and couplings are available from 2” to 10” in dia.
